LIFE POINT

We can care for and protect our family members.

THE BIBLE MEETS LIFE

Moses' mother put her baby boy in a basket near the river to protect him. Because Moses' family cared for him, he was saved. God wants your family to care for and protect each other, too.

LIVE IT OUT

Create art with your child to represent the members of your family using air-dry clay, chenille stems, craft sticks, or other craft supplies. Display the art in a spot where it will easily be seen as a reminder to thank God for the ways your family cares for and protects each other.

LEVEL OF BIBLICAL LEARNING

God wants family members to love and help one another.

Baby Moses

—Based on Exodus 1:8–2:10; Numbers 26:59

An Israelite woman had a baby boy. Pharaoh, the king of Egypt, did not want baby boys to live, so her baby was in danger. For three months, she hid her baby. When she could not hide him any longer, the mother did something to keep the baby safe. She took a basket made from the strong stems of a plant and covered it in a special type of tar to keep the water out.

The woman placed her baby in the basket. She took the basket and set it in the tall grass near the edge of the Nile River. Miriam, the baby's sister, stayed near the river to watch what would happen to the baby.

Pharaoh's daughter went to take a bath in the river. She saw the basket in the tall grass and sent one of her helpers to get it. When she opened the basket, she saw the baby crying. She felt sorry for him.

Miriam came to Pharaoh's daughter and asked, "Do you want me to get someone to take care of the baby? I can get a woman to feed and care for him."

"Yes," Pharaoh's daughter said. Miriam hurried to get her mother. "Take this baby and care for him," Pharaoh's daughter said.

When the child grew older, his mother took the baby to Pharaoh's daughter, and he became her son. She named him Moses.
